Goldcliff Announces Unit and Flow Through “LIFE” Offerings

Vancouver, B.C. – George Sanders, President of Goldcliff Resource Corporation (“**Goldcliff**” or the “**Company**”) (GCN: TSX.V, GCLFF: OTCBB PINKS) is pleased to announce a proposed non-brokered private placement for aggregate gross proceeds of up to \$825,000 (the “**Private Placement**”).

The Private Placement will consist of the issuance of: (i) up to 5,000,000 units (each, a “**NFT Unit**”), at a price of \$0.045 per NFT Unit (the “**NFT Unit Offering**”), with each NFT Unit comprising one common share of the Company (each, a “**Common Share**”) and one half of one non-transferrable Common Share purchase warrant (each whole warrant, a “**Warrant**”); and (ii) up to 10,000,000 flow-through shares (“**FT Shares**”), at a price of \$0.06 per FT Share (the “**FT Share Offering**”), with each FT Share comprising one Common Share which qualifies as a “flow-through share” within the meaning of the *Income Tax Act* (Canada). Each Warrant will entitle the holder to acquire an additional Common Share at an exercise price of \$0.08 per Common Share for a period of 24 months from the Closing Date.

Subject to compliance with applicable regulatory requirements and in accordance with National Instrument 45-106 – *Prospectus Exemptions* (“**NI 45-105**”), the securities sold under the Private Placement will be offered in all Provinces of Canada except Québec pursuant to the Listed Issuer Financing Exemption under Part 5A of NI 45-106 (the “**Listed Issuer Financing Exemption**”). Subject to the rules and policies of the TSX Venture Exchange (the “**TSXV**”), the securities issuable from the sale of Units to Canadian resident subscribers will not be subject to a hold period under applicable Canadian securities laws. There is an offering document (the “**Offering Document**”) related to this Private Placement that can be accessed under the Company’s profile at www.sedarplus.ca and at www.goldcliff.com. Prospective investors should read this Offering Document before making an investment decision.

Proceeds from the NFT Unit Offering will be applied to property payments on Aurora West and Kettle Valley projects, and to general working capital.

Proceeds from the FT Share Offering will be applied to drilling at Kettle Valley, sample collection for metallurgical test work and geochemical sampling at Panorama Ridge, and additional geochemical and geophysical surveys at the Ainsworth silver project, as Canadian exploration expenses that will qualify as “flow-through mining expenditures” within the meaning of the *Income Tax Act* (Canada), and which will be incurred on or before December 31, 2026 and renounced with an effective date no later than December 31, 2025 to the initial purchasers of FT Shares. All three projects are located in British Columbia.

The Private Placement is anticipated to close on or about October 6, 2025 ("**Closing Date**"), or such other date(s) as the Company may determine. Closing of the Private Placement is subject to certain conditions including, but not limited to, the receipt of all necessary regulatory and other approvals, including the approval of the TSXV. Goldcliff advises that insiders of the Company may participate in the Private Placement, which subscriptions will be completed pursuant to available related party exemptions under Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* and will be subject to the TSXV hold period.

At Closing, the Company may pay a cash finder's fee equal to 7% of gross proceeds introduced by eligible finders. Also, the Company may grant to eligible finders, finder's warrants equal to 7% of the number of NFT Units and/or FT Shares introduced by the finder on the same terms and conditions as the Warrants comprising the NFT Units.
